2.3 Study the extract below and answer questions that follow.

**“TARIFFS, PROTECTIONISM, POOR INFRASTRUCTURE, OTHER BANE OF
REGION’S GROWTH”**

The lingering non-resolution of tariffs among continent’s economies, rising protectionism, and a parlous infrastructure have remained a barrier to the region’s integration process.

Besides, lack of marketing information, among other barriers to trade, has also severely constrained intra-African trade and impeded the continent’s economic development.

In as much as African states have managed to protect their strategic industries, their counterparts from other abroad have retaliated by imposing restrictions on their exports.

Adapted from Business News February 2020

- 2.3.1 Identify the method of protectionism that is discussed on the above extract. (1)
- 2.3.2 Name ONE strategic industry that is found in South Africa. (1)
- 2.3.3 Describe the term *protectionism*. (2)
- 2.3.4 Briefly explain the importance of maintaining infrastructure in a country. (2)
- 2.3.5 How would protectionism benefit the economy of the country? (2 x 2) (4)

- [40]**

QUESTION 4 MACROECONOMICS AND ECONOMIC PURSUITS
40 MARKS – 30 MINUTES

4.1 Answer the following questions.

4.1.1 Name any TWO fiscal instruments that can be used to stimulate economic growth. (2 x 1) (2)

4.1.2 Why is export promotion important for the development of the country? (1 x 2) (2)

4.2. Study the cartoon below and answer questions that follow.

SA DOWNGRADE SETS SCENE FOR GREATER TURMOIL

The Minister of finance warns that Moody's action to downgrade South Africa will add to prevailing financial market stress caused by the technical recession emanating from power outages and currently the COVID 19. South Africa's financial markets, hit by dislocation that prompted Reserve Bank intervention could have a shaky start after Moody's stripped the country of its last remaining investment-grade rating.

[Adapted from NEWS 24, February]

4.2.1 Name the phase of the business cycle that is discussed on the above information. (1)

4.2.2 According to the above information, what has been the cause for the contractions in the economy? (1)

4.2.4 Briefly explain how loss of income can negatively affect the performance of economic activities. (2)

4.2.5 How can the Monetary Policy Committee use interest rate as a tool to reduce slow economic performance? (2 x 2) (4)

4.3. Study the extract below and answer questions that follow.

SA WILL NOT BE RECKLESS IN IMPLEMENTING NATIONAL HEALTH INSURANCE

The introduction of national health insurance would be among the most far-reaching acts of social transformation South Africa had experienced since the advent of democracy in 1994. It will be implemented in an incremental fashion and aim to cover the whole country by 2025.

The private sector is to join the government in seeing the NHI realised. The NHI is to transform the healthcare landscape to make it more efficient, cost-effective and value for money while forging a strong public-private partnership for the delivery of services.

Source: ANA, February 2020

4.3.1 Identify the redistribution approach that is discussed on the above extract. (1)

4.3.2 Name the macro-economic approach to growth and development that was implemented in 1994. (1)
