INSTRUCTIONS AND INFORMATION

- 1. Answer THREE questions as follows:
 - SECTION A: COMPULSORY
 - SECTION B: Answer any ONE question from this section.
 - SECTION C: Answer any ONE of the two questions.
- 2. Number the answers correctly according to the numbering system used in this question paper.
- 3. Write the number of each question above each answer.
- 4. Read the questions carefully and start EACH question on a new page.
- 5. Leave at least ONE line between subsections of each question
- 6. Answer questions in full sentences and ensure that the format, content and context of your responses comply with the cognitive requirements of the questions.
- 7. Answer ONLY the required number of questions. Answers in excess of the required number will NOT be marked.
- 8. Use ONLY blue or black ink.
- 9. Non-programmable pocket calculators may be used.
- 10. Write legibly and present your work neatly.

Please Turn Over

11 NSC – Marking Guidelines

March 2022 Common Test

Have good leadership and management abilities

- Successful entrepreneurs have good management skills of planning, organising, leading, directing, coordinating and controlling.
- They have good marketing management skills to assess the market potential for the product or service, determine its price, distribute the product and inform prospective customers.
- They have good financial management skills, including financial record-keeping
- cash flow control and cost price calculations. ✓
 They have first-hand business knowledge and thorough technical knowledge of the product or service they offer.

ADDITIONAL PART

Analyse the causes of lack of SMME development in South Africa.

(10)

- Lack of entrepreneurial education and culture: A large part of the population in South Africa doesn't have entrepreneurial skills and prefer looking for employment opportunities than starting a business. ✓✓

 Shortage of capital: Most people who would like to start a business or expand
- an existing one are unable to access capital from banks because they don't have security.
- security. A constant is and knowledge to manage the business: This makes it difficult for most entrepreneurs to grow their businesses and as a result most start-ups just fail at the infancy stage. A constant is a constant in the infancy stage. Too many government regulations: A business environment that has too many regulations makes it difficult for businesses to operate and hinders innovation.
- High cost of running the business: Infrastructural services such as electricity is costly and its availability is unreliable and that makes running the business
- Unwillingness to take risks: there is a general unwillingness to bear risks of starting new small business enterprises by new entrepreneurs.

It is critically important for the country's economy to have more entrepreneurs for the establishment of new businesses, new business will produce more goods and achieve economic growth as well as employment creation.

[40]

BODY (MAIN PART)

Combines the other factors of production v

- The entrepreneur combines the factors of production to produce goods and services to satisfy the needs and wants of consumers.
- Entrepreneurs need to source enough capital, natural resources and skilled labour at the right time and place, and in the right quantities.

Demonstrates initiative <

- Entrepreneurs take the initiative to start businesses.
- They come up with new business ideas to make a profit in the market.
- The entrepreneur needs to work out the break-even point before starting a business.
- The break-even point is the point at which expenses equal income.
- Any income after this is the profit 🗸 🗸

Takes risks ✓

- In a market economy, the entrepreneur is the person who takes the risks.
- The entrepreneur is responsible for all the losses if the business idea fails or if the business goes bankrupt. $\checkmark\checkmark$

- Entrepreneurs make decisions on what to produce, where to set up the business and for whom to produce.
- They need to decide on issues such as whether to concentrate on quality or quantity, whether to buy land or to lease premises, from whom to buy stock or raw materials and which form of ownership to choose, for example, a sole proprietorship, a partnership, a company etc. </

Have a strong drive to succeed-

- Entrepreneurs constantly assess and set new high standards for themselves. $\checkmark\,\checkmark$
- They have high level of perseverance when things don't work according to their
- plans.✓✓
 They are able to cope with uncertainties and stress about their businesses.✓✓
- Entrepreneurs have the ability to cope with failure because they focus on their
